My eyes changed when I saw her
Suddenly I couldn't see nothing else
Got me feeling like a star cause
Someone put me under a ..., oh
Dancing like she wanting me to watch her

She dancing like she dance for nobody else
So I approached her with an offer
I don't like explaining myself
I said if you're down, let's get gone
Before the lights come on

Shawty where you've been all night
I've been looking for you
It's about damn time
Said I found the one I want now
We should get up out of here
Get up out of here, get up out of here
Get up out of here, baby

Ain't gonn find nobody flier
Lady you for me like I c u, don't go
Everybody knows that's you and me
Cameras flashing one of us too...
Saying girl, that's why I thinkw e should retire
Go somewhere and do what we supposed to do, baby
We already shot this thang down, baby girl let's move
So if you down, girl let's get gone
Before the lights come on

Shawty where you've been all night
I've been looking for you
It's about damn time
Said I found the one I want now
We should get up out of here
Get up out of here, get up out of here
Get up out of here, baby

Wherever you're going girl
I'm coming with you, I want in your world
And say baby since the light is whiten down

You should come with me right now, baby

Shawty where you've been all night

I've been looking for you

It's about damn time

Said I found the one I want now

We should get up out of here

Get up out of here, get up out of here

Get up out of here, baby.
