[Verse 1:]

Girl I had this special moment that you was standing  
right in front of me, me.  
And I had it all figured out with the right words to say.  
Everything was perfect as it can be.  
But then I realized, that I only thought it was just a  
dream and the second I looked at you I couldn't say a  
thing.  
All of a sudden I had butterflies in my stomach I  
couldn't breathe.

[Chorus:]

Why, why couldn't I show what I feel inside my heart,  
why couldn't I tell her how much that she means to me,  
why does it have to be this way?

[Verse 2:]

There's not a single doubt that I know that your the  
right one for me.  
Girl we go together like pants and kicks. It's getting  
hard to resist, gotta build my confidence. Girl your so  
fine that I can say it for days.  
Words just can't explain how I feel about you, your  
melody is catching like a perfect full of view, and I can't  
get enough cause your vibe is the stuff and still I don't  
know what to say.

[Chorus:]

Why, why couldn't I show what I feel inside my heart,  
why couldn't I tell her how much that she means to me,  
why does it have to be this way?

Why, why do I sit and cry that she's not mine,  
Why? why do I feel so down, when she's not around.  
Why, does it have to be this way?

[Verse 3:]

(why) its time for me to stop being a coward and face  
this up right now.(cause your the one)  
(why) I'm a give it all I got if it's for my life right now  
now now now  
Girl with you is where I wanna be

[Chorus:]

Why, why couldn't I show what I feel inside my heart,  
why couldn't I tell her how much that she means to me,  
why does it have to be this way?

Why, why do I sit and cry that she's not mine,

Why? why do I feel so down, when she's not around.

Why, does it have to be this way?
