Verse 1

Baby Girl you're gonna get us hit
Messin' wit, Me in the car feelin' on my...(hey)
Gotta stay in the lane (but I can't complain)
Cause you doin' yo damn thang
People lookin' at us when they pass ma'n
(Swerve a little bit up in the fast lane)
Girl I don't care, let em' stare we're almost there

Tell me what you need (don't)
Don't even worry about it (I guarantee it)
I guarantee I've got it (Yeah)
Baby I'll take care of everything
Just concentrate on what I'm about to do to you

Chorus

I got cranberry and Grey Goose
Sip if you want to (Smoke out if you want to)
Smoke out if you want to
Baby you ain't gotta go nowhere
Just bring yourself babe
I got everything else babe
Baby you ain't gotta go nowhere

I got cranberry and grey goose
Sip if you want to (Smoke out if you want to)
Smoke out if you want to
Baby you ain't gotta go nowhere
Just bring yourself babe
I got everything else babe
You ain't gotta go nowhere

Verse 2:

It was a close call
But we finally made it
I can tell by the look in your eyes
You ain't too patient
Slightly inebriated

Slow down baby girl we've got time
And I'm gonna take it
So just kick back, unzip your coat
Gonna be here for a while
Then turn around slowly
Bit my lip and cracked a little smile
Tell me what you wanna do girl
Its all on you girl
Just be prepared for me to rock your world

Chorus:

I got cranberry and Grey Goose
Sip if you want to
Smoke out if you want to (You)
Baby you ain't gotta go nowhere (Go nowhere)
Just bring yourself babe
I got everything else babe (I got everything else babe,
hey)

You ain't gotta go nowhere (Cranberry and Grey
Goose)

I got cranberry and Grey Goose (Sip if you want to)
Sip if you want to
Smoke out if you want to (You ain't got to go nowhere)
Baby you ain't gotta go nowhere
Just bring yourself babe
I got everything else babe (Oh yeah)
You ain't gotta go nowhere

Bridge:

Tell me what you need (Oh, tell me, what you need
babe)
Baby I'll take care of everything
Just concentrate on what I'm 'bout do to you babe, oh

Chorus:

I got cranberry and Grey Goose
Sip if you want to (Sip if you want to)
Smoke out if you want to
Baby you ain't gotta go nowhere (You ain't gotta go
nowhere)
Just bring yourself babe
I got everything else babe
Baby you ain't gotta go nowhere (Oh)

I got cranberry and Grey Goose (Cranberry and Grey
