As the dream floats by ('neath the towering sky)
There's a move to move me forward
But it only lasts 'til I fall on yesterday

With opinions thrown (like the crowd's first stone)
And the world of men is nowhere
I have a sense of freedom but it feels so far away

'Cause I'm in a cage (of my own making)
I never wanted to be this way
I'm in a cage (my heart is breaking)
But I'll tough it out today

I could move way in (I could move way out)
I could move all the way to Cairo
"But someone would be there; someone that I know too well"

I wanna change my mind (wanna change my heart)
I just need some relief but I know
That it just won't come, that is as long as I'm myself

'Cause I'm in a cage (of my own making)
I never wanted to be this way
I'm in a cage (my heart is breaking)
But I'll tough it out today

I'm in a cage (of my own making)
And now I forgot what the reason is
I'm in a cage (the toll's been taking)
But I guess that's all there is....

There's a reason why the storm is raging
There's a reason why you feel alone (the man's gone to make his way alone)
There's a reason why your soul's been caged in
Can't you feel your need to come back home? (the man's gone)
Feel your need to come back home (the man's gone)
Feel your need to come back home
