One day at the gathering  
When all the people prayed  
I felt a warmth inside of me  
Electric healing wave  
Then I heard a voice within  
That cut me like a knife  
When I asked Him if it was for me  
The full surrendered life

It's for you  
I'll give you what this world  
Could never give  
It's for you  
This goes beyond the life  
That you now live  
Take my hand  
Trade everything you are  
For everything I am

There I stood upon the edge  
Gazing at the gap  
Once my feet had left the ledge  
There was no turning back  
I jumped in with both feet that day  
I stepped in completely  
And now all that I have to say  
Is it isn't just for me,

It's for you  
I'll give you what this world  
Could never give  
What I have  
Goes far beyond the life  
That you now live  
Take my hand  
Trade everything you are  
For everything I am

The God of the whole universe  
Sent his son to lift the curse  
And live His holy life through me and you

The God of the whole universe  
Sent his son to lift the curse  
And live His holy life through me and you  
What will you do?

It's for you  
I'll give you what this world  
Could never give  
What I have  
Goes far beyond the life  
That you now live  
Take my hand  
Trade everything you are  
For everything I am
