The Conclusion

Come out of her my people...

I. Randy's jam (Instrumental)

II. Long nights journey

I saw the light of a thousand angels taking it on the
chin

I saw a hundred demons raging suffering blights upon
there skin

Just as the woman lay deep in quicksand ready to take
the dive

I saw some men with tatoood foreheads

I saw them laying down their lives

But before she dessapeared I heard them cry

They set her on a wing bound for the sky

It was a long night's journey

A long night's journey into day

Such a long night's journey

A long night's journey into day

I saw an angel come down from heaven glorious as the
sky

Crying that ' Babylon has fallen and every nation has
drunk her wine'

My children will not be stooped within her tricked by her
sorcery

It's time to come out of her my pople

It's time to set the captives free"

And then I saw a woman bright and clear

The marriage of the Lamb is almost here

It was a long night's journey

A long night's journey into day

Such a long night's journey

A long night's journey into day

III. Re-introduction (Instrumental)

IV. Come out of her

Giving up the life we had now Jesus is around us
Filled up with the Holy Ghost we're ready now to fly
But spiritual captivity it still is all around us
I believe the time has come to stand up and to cry

Come out her - There's a place where your spirit can fly
Come out of her
MY PEOPLE!

Not just from the Mother but the daughters of the harlot
Everything that comes from her it must be left behind
Her rituals and teaching smells of death and bloody
scarlet
Like Martin did before us let the scripture be our guide

Come out of her - There's a place where your spirit can
fly
Come out of her my people
Come out of her - The angel was suddenly cry
Come out of her my people
MY PEOPLE!

V. Clothed with the sun

Bravely, strongly
Watch the woman step into the light
Gleaming, leaning
On the arms of the one she loves

This is all I ask for, this is all I've wanted to do
Is to live with you forever
And feel the beauty of your truth
This is all I ask for
To live a life that's pleasing to you
And to be there ever after
You know my heart you know it's true

She's clothed with the sun
My beloved is only one
And her glory has just begun
Can you see her with you eyes?

She's prepared herself just for him
(By the grace of God she's alive!)
She has overcome all her sin
(By the grace of God she's alive!)

Let the day of lamb begin
(By the grace of God she's alive!)
Can you see her glory rise?

VI. Closing

God can change the world with just one willing soul
Who will stand up for the truth and give him starring
role
So come into the fullness and open up the door
Maybe it is you he's looking for
Maybe it is you he's looking for...
