While I was playing rock n' roll  
Wondering if His way was the way  
Hey, hey, hey  
He was breaking protocol  
Moving me each step of the way,  
Hey, hey, hey

He would say  
Will you go this way?  
Hey, hey, hey  
Perhaps your time has come today  
Time has come today

So, He kept reaching out to me  
Though I never said I would go,  
Ho, ho, ho  
The God of the whole universe loved me  
Though I was a bit slow, I don't know  
Would you go?  
Will you go this way?  
Hey, hey, hey  
Perhaps your time has come today  
Time has come today  
C'mon

Will you go this way?  
Hey, hey, hey  
Perhaps your time has come today  
Time has come today  
Maybe it's your time today  
Time has come today
