"Come This Far"

Sometimes it's true
Life can be so beautiful
These days you send
Wish they would never end

We've come this far
How beautiful you are
Look back this far
How beautiful you are

Sometimes I don't know where to go
Just pictures, looking, dreams you know
Sometimes I look out at the sky
And then I don't feel the need to try
Need to try

These days are full
Life can be so beautiful
We've come this far
How beautiful you are

We've come this far
How beautiful you are
Look back this far
How beautiful you are

[Incomprehensible]
