Bury you with satan, death is in your future future
Bury you with satan, death is in your future
Listen to the rugged shit your jugular slit with razors
quick
I'm sick I only kick amazing shit you dis your buggin
bitch
you better wake up before we dead you and break up
ur face you're a disgrace
and you'll get taped up, tortured, murdered, replaced.
I'll be the perverted wordsmith you're birdshit you
heard it I said it
satanic I said it anybody can get it you're not exempt
from contempt
you beat me you dreamt you were sleeping dozing
you'll be bleeding I'm a frozen fridge of cold cretin.
Immaculate packing a hatchet in my jacket back it the
fuck up you bitch or you'll get cut up in fractions during
actions
gore a fishy or not, I'll rip your body open with a bottle
that's broken
your smokin full throttle hit with a shotty
I get vexed, your dead next, butcher you, mushin you,
senseless violence is endless when I bring it ain't much
you can do
psychological with the demonic pull reelin you in to sin
peelin your skin like a psychotic bull
Bury you with satan
Bury you with satan, death is in your future future
Bury you with satan, death is in your future future
x2
Police murderer I'm causin hysteria. I send you fucking
faggots to hell then I bury ya
Asssmoses, my words are live fire in the mountain, I got
mixtape versus the shit on your entire album
I make the most horrifyingly vivid images, come to life,
stab you in the fucking face with my sentences
A knife sharpened by God could cut no deeper, I kick
tables over with Jesus there is no equal
I'm like Lucifer the unforgiven, cast out of heaven, I
much rather rule in hell with a black Mac-11 than be a
servant,

I'd rather be accessory to murder, a hell on earth
survivor means you better be a earner
Enemies o' mine, are you ready to die? Are you fucking
pussies mentally prepared for machetes and nines?
For the drama in you mama's doorstep, I drive by, and
spray hollow tips that split your mind's eye.
Bury you with satan
Bury you with satan, death is in your future future
Bury you with satan
Bury you with satan, death is in your future future
x2
