Chorus x 2

Kill that shit - kill that shit, I
Kill that shit - kill that shit, MUST
Kill that shit - kill that shit, KILL
Kill that shit - kill that shit, YOU

Verse 1

Necro empty pathologist
Demolishes the collagen in your face
When i smash you with a solid fist
Over politics get your wallet picked
By satanic scientologists acknowledge this
I'm in a professionally insane condition
I cut vein incisions
In you so badly they need stitching by specially trained
physians
Your death certificate is insignificant
Paper no different than you lasted terrific eulogy wipe
my shit with it
You need proper protection from a person like me that
feels no affection for your life i control the direction of
ya future
Dead you look like a droid i seek through the void in
your skull so we can't leave the casket open you're too
destroyed
You better show respect with seriousness or the fear of
sickness or death you will experience this
Another key turned to the essence you,ve returned
From the presence of your corpse a great deal can be
learned

Chorus x 2

Kill that shit - kill that shit, I
Kill that shit - kill that shit, MUST
Kill that shit - kill that shit, KILL
Kill that shit - kill that shit, YOU

Verse 2

Slice you open with a Y shaped incision cause i hate

religion
And fear no god so there's no consequences when i
make decisions
So fucked plus the dead shit i'll desecrate you by
suffocating you with the pillow that the dead person
rested his head with
A stabbing fatality many abnormalities in your
abdomen cavity
Except for gravity
There's no blood pressure so no blood squirts when i
sever
No blood on my shirts whenever i work it's a perverse
pleasure
What do i need the bible and satan for when i can start
my own religion
Like carvin opening skulls with my braining saws
Planting micro-chips, lobotomies the pre-fix wizard to
joining is funny
Come down to our office for a visit
Blending your cartilage stick you like a nintendo
cartridge
Listen to the crescendo of your heart twitch
All your fault the power drill in your skull vault
Like pole vault, shaven bald, appauled it's called
assault

Chorus x 2
Kill that shit - kill that shit, I
Kill that shit - kill that shit, MUST
Kill that shit - kill that shit, KILL
Kill that shit - kill that shit, YOU
