Now eternity in taking my soul  
And I feel like I'm frozen alive  
In my heart, there is only keenly emptiness  
My blood is yet again like red, cold ice  
I, I'm the last one in this cage  
Dying for your child, for human race

Chorus:

Now I'm seeing your sin, my god  
You are the liar of all this past years  
Might, it was your only destiny  
I wish, that I die alone, without your heed  
Let my soul pass away  
I don't need your grace - I won't serve  
I don't want survive in your world of lies  
I'm not your slave, I'm ANTICHRIST

Fall, fall again from grace

Into burning fields of truth  
Fallin? down, on earth  
Without hope in blind eyes

Now I'm seeing myself in a buried word  
Silent screams I hear deep inside my soul  
Freezing dreams comes true im my pitch-dark night  
From my barren land you can hear me cry  
I remember the time, which is pass away  
And I feel, that I don't want to return

Rep. Chorus.

Time of my low is born - I'm your heir to the throne  
Hear my complain - I will raise from my grave  
Dawn of my lordship you see, your kingdom is blow  
away  
Pay for your treason now - You will be mine
