Feat. Jamey Jasta

[Chorus 2X: Jamey Jasta]

Push it to the Limit, walk along the razor's edge  
Don't look down, just keep your head up till you're  
finished  
Up and up the limit, past the point of no return  
Reach the top, but you gotta learn how to keep it

[Necro]

Attack you like an evil gargoyle with swords  
Burn you like radiation, leave you a charbroiled corpse  
We represent every satanic element, I'm malevolent  
Murder you, you're gettin' sent to where the Devil went  
If I'm wrong you could be dead right  
When you pass you'll be forgotten 'cause I'm rotten like  
the website

We get ogrish, poisonous like a cobra's kiss  
Demonic, like when the last day in October hits  
You're miserable, livin' trapped in your bed  
You should be clapped in your head 'cause you'd be  
happier dead  
You little pussies get choked to death with a Cotex  
You're dying little by little, every second, go check your  
Rolex  
You're not living forever, I'll bet you  
How much you wanna put up? For the right price  
somebody'll dead you  
No cushion for lyrics, mushin' you if you're timid  
Extreme rap, explicit, we push it to the limit

[Chorus 2X: Jamey Jasta]

Push it to the Limit, walk along the razor's edge  
Don't look down, just keep your head up till you're  
finished  
Up and up the limit, past the point of no return  
Reach the top, but you gotta learn how to keep it

[Necro]

You tremble from the brutality

Make you resemble George A. Romero character in  
reality  
Bring your big posse  
You'll be a bunch of fertilized faggots, like Versace and  
Liberace  
Get killed in a building, smashing you like Zildjian  
Cymbals, buckin' you like Brazilian children  
Write your will out to your attorney  
After a weekend at Bernie's you'll be deceased, dead  
on a gurney  
I rip the beat like the contours of your flesh stripped  
As you stare, pump gore, it's a trip  
Can't think about food with bullets buried in your belly  
But notice bloody flesh looks like blueberry jelly  
You're repulsively corrosive  
Your mother taught you not to get involved with  
explosives  
Skull opened like Iron Maiden Eddy, kaput, finished  
Wanted excitement, you died for it, you pushed it to  
the limit

[Chorus 2X: Jamey Jasta]

Push it to the Limit, walk along the razor's edge  
Don't look down, just keep your head up till you're  
finished  
Up and up the limit, past the point of no return  
Reach the top, but you gotta learn how to keep it

[Necro]

We'll push it to the limit like a tourniquet crushin' your  
cranium  
Mushin' you, murder you, burnin' you to a crisp live on  
uranium  
Maintainin' sins like Iranians holdin' grenade pins  
Blazin' your skin, stomp you with a whole parade of  
Timbs  
Put a gemstar to your flesh pa, the emperor  
Of demented sentences with a temper, your mentor  
Demonic like Skeletor, Destro, 'Deceps'  
Criminal corrupted culprits'll beat you to death  
Keep your head up or you'll get your head cut off  
Your whole life shut off with a knife, wipe the blood off  
My perspective is respect this or expect  
To be left With a neck full of stitched up imperfections  
'Cause you bitched up, in retrospective your collective  
Woulda switched up if you knew what a bunch of sick  
fucks  
We are when we get hectic too late, drama, we all up in  
it  
Go all out, push it to the limit

[Chorus 2X: Jamey Jasta]

Push it to the Limit, walk along the razor's edge

Don't look down, just keep your head up till you're  
finished

Up and up the limit, past the point of no return

Reach the top, but you gotta learn how to keep it
