(Necro)

I love a stunt that's down to sniff cocaine  
A cunt with big cock suckin lips and no brain  
You pussy you couldnt shoot up a drug  
Car jack you like a cop in pursuit of a thug  
Spittin out like I chewed up a bug  
I shot and threw up a slug  
And as for Dolly Parton yo I'm the type who'd fuck her  
juggs  
I grew up in a sick place BROOKLYN!  
Where we run up on you and say "Gimme the loot"  
dickface  
I got an appetite for destruction like parasites  
Kicked in your face so bloody I fucked up my new pair  
of Nikes (DAMN)  
They cost over a hundred bucks  
Oh well scar up ya grill while I'm fuckin a hundred sluts  
The white Dolemite  
I wanna see Janet Jackson deep throat a mic it's only  
right  
You're a snake you're known to bite and blowing bright  
When dynamite's rammed up your ass then you  
explode at night (BLOAW)  
Met the devil and spit in his grill  
Told him I'm runnin hell son chill or your the next I'll kill  
You know your dead when you sell your soul for bread  
Life's funny like a bitch ass with a hole in his head  
Clock me like you trife bro I'll stab your sockets like a  
psycho  
Till you can't see shit your on the toilet bowl with the  
lights closed  
You'll be lonely homey you don't know me  
You wanna play me treat me like a saxophone and blow  
me  
Worship my vile grammer  
Skeez get on your cock suckin knees and pray to me  
like Hammer  
I get my dick jerked by a girl I'mma diss  
The second I see a chick with bigger tits  
So many look sultry don't insult me  
How dare you ask me not to cheat like adultery I'm foul

like poultry  
Got a closeup of your grill it repulsed me (lllll)  
To be truthful your ass is only useful  
And what the fuck you gotta say  
I'll rip your intestines out your ass and cook your man  
with them a block away  
You hesitant bitch you never been sick  
You got a cock in your mouth like that Dead President  
flick  
You want me to rhyme what will you do for me  
You get your girl to suck dick and I'll rap for you for  
free  
Money is simple my income triples  
When beats get chopped up like Montel Williams  
nipples  
Honey I'll keep it real with ya  
Have ya pants off abuse you and then say I aint feelin  
ya  
Women don't understand me can't chop off our dick  
I see Lorena Bobbit in the street and cut off her clit  
Payback's a bitch so bitch pay with ya back  
Before I fuck a slut I don't know I spray Raid in her  
crack  
The human head is quite durable  
Ya mouth shall make a very interesting urinal  
Met the devil and spit in his grill  
Told him I'm runnin hell son chill or your the next I'll kill  
Ya know ya dead when you sell your soul for bread  
Life's funny like a bitch ass with a hole in his head DIE!
