"The Exit"

Visit "[The Exit](#)" on MotoLyrics.com

Bury me in your grave
No more sadness to be remembered
Steal my own world
Your tears fall flickering like cascades
Steal my own freedom
I'm sick of living in this world
Steal my own life
I want to live... find me an exit

AH The colours in your face!
Pale like spirits from hell
OH the termites eating your corpse!
Hungry like a child, I can tell

I'm the beast in black
And I'm coming for you
To get my own world
That you've taken from me

No mercy I'll be giving
No strenghts you'll be revealing
I will just wait
For the time that you're bleeding

SANGUINARY!

Steel my own world
Steel my own freedom
Steel my own life
And find me an exit

Let me taste your tongue
Wich I still know that is full of lies
Let's find the exit
While our nature vicariously dies...
