This is my world  
The memories I hold  
Her face in my mind  
Sorrow I find

Here I am once again  
Sitting in this chair  
Emprisoned by the walls of  
My unforgettable lair

I miss the sound of that voice  
That surrounded me day by day  
But in this dark place  
I always stay

In the Newind  
A raven will fly  
Beneath the mountains where  
The older ones would cry

We'll fight but we'll never die  
Hurt for us to see  
The memories of  
Love And misery

In the Newind  
A raven will die  
Falling down to hell where  
The sun would never shine

GLORIFICUS NEX! (2x)
