The clockwork minds present in the sea
Where the cold flesh stays flowing
Cold, like a frost memory
Of the ones who are now dying

Slithering, Death comes to the Seashores
Where only time remains
Carrying bleakness to the shores
Where His dead heart drains

A ruined civilization
Buried in the depths of the sea
Of my creation, a graveyard
Descendent of my victory

The past - the present
GLORIFICUS NEX
The present - the future
GLORIFICUS NEX

Where is your god now?
He's not anywhere, not even here
Is he running when I'm near?

Fucking empty creation
Of humanity
All are vanishing into the sea
Spirits rising in my reality

Come forth and die
With the sickness I have brought
Humanity erased with my onslaught

You are not alone
It's just you and me
Your life and your enemy

Misery remains on the Seashores of Time
A handmade Hell from a strength beyond the divine
Death prevails on the Seashores of Time
Living in a story of a legacy of mine
