Crawling in a cold delight
Opinion of a fool
Lunatics with flags
Who seek to rule
Where are we now?
Doomed to lose?

It's dark outside
A cold wind is blowing in my eyes
Horror cleans the streets
Polished boots brighten the scene
Something cold as pain
Fright inside my brain
Another mindless crime
Clouds roll by
Hate is gonna roll with them
A little child
Damned to be sacrificed
Before it's born
I see the fear
Explode just like
A thousand nights before

It's like a deathstorm, nightmare will return
A reign of terror rules the land

Ref:
Reach in - into the fire
See if you can hear my soul
Burning with - with desire
To be free from this hole
Love is lost, love - love is cold
Don't accept their dirty fight

See the bitter sweet perversions
Crawling in a cold delight

The spirit of forgotten times
Fear like an alien
Comes to view
Deep down into the pain
Hateful rules

Drift into euphoria
And now where do we stand?
Apathy!
Please save me from my discipline

It's like a deathstorm, nightmare will return
A reign of terror rules the land

Ref:
Reach in - into the fire
See if you can hear my soul
Burning with - with desire
To be free from this hole
Love is lost, love - love is cold
Don't accept their dirty fight
See the bitter sweet perversions
Crawling in a cold delight

It's like a deathstorm, nightmare will return
A reign of terror rules the land

Ref: 2x
