

## Necronomicon

### "Dark Wings Of Deception"

Visit "[Dark Wings Of Deception](#)" on MotoLyrics.com

Speaking to the Gods

All the truth they cannot see

I know the cost

That I pay to be the one

I spread my wings in the dark

Cloaking my light with the night

To take the hand

Of all the ones who've fallen

I use the Dark Arts

Casting out deception

A silent flight in the night

You only know when I strike

Walking in the world of sorrow

Walking Among the Shadows

Waking the dead is my goal
