Acquired immune deficiency  
Killing so efficiently  
Science is astounded  
No cure to be found yet.  
Governmental research  
Funded by the death church  
New drugs developed  
Meant to cheer the public up.

Two years incubation  
After aids infection  
Tragic weight loss  
Anorexic virus cost.

Sexuality's decline  
Plague is on our minds  
Fear of getting this disease  
Fills the people with unease.

Ref:  
Physical timebomb sleeps in you  
You know it's for ever present  
Physical timebomb sleeps in you  
You know it will be your end.  
Where have all your friends gone?  
Suddenly alone!  
I can't fight the final course.  
Absence of luck!  
Don't wipe the scruples out of brain.  
Always afraid!  
A sorrow appears before your eyes.  
Wait for your grace.

Children suffering  
Aids is becoming  
The worlds worst killer  
Society is ill  
Clinics are full  
Euthanasia's cool  
Ending the misery  
Mercy for them finally.

Sexuality's decline  
Plague is on our minds  
Fear of getting this disease  
Fills the people with unease.

I can't fight the final course.  
Absence of luck!  
Don't wipe the scruples out of brain.  
Always afraid!  
A sorrow appears before your eyes.  
Wait for your grace.  
How long you think...  
Now it was the time, when the new regime was built.  
Seemed to be an excellent leader for the nation.  
With a never known patriotism people were fulfilled.  
Propaganda minister with perfect proclamation.

Like pigs they were collected in a cattle van.  
Disinfected under the Cyclon-B shower.  
After the crematory they left the camp again.  
Reduced to ash. Result of nazipower.

Jew baiting, the yellow press accused.  
Oh, fascism ruled, justice was refused.

Ref:

'Die!' they shouted.  
The fools led the fools.  
Nobody did realize  
people were only tools.  
Irreverent depopulation.  
Racial segregation.

Today, today they shout again 'foreigners outside!'  
These introducers get in more and more and live from  
our money.  
The reparation of our government and their pride.  
Wouldn't you follow an invitation in a land of milk and  
honey?

Addition of the family from eastern Germany.  
Good economic policy, the worker pays eternally.

How long you think citizens will be led by fools?  
How long you think citizens will be the tools?  
How long you think it takes, till history will overtake?
