The Sun  
Is entering in me  
And now I follow  
The inside path of the unknown

I have learned  
To let my heart take over  
Like the sun  
Who rises over the desert  
To be the one  
Who falls in love with all the Earth

In love with the Earth

There is no God  
But the unique eternal  
Creator of the light  
In whom all is contained

It takes millions of forms  
Staying in unity  
Nor god neither goddess  
A spiritual state  
His life is endless  
An androgen being

Now listen to his call

It calls you too
