Verse One

In this field I view the plethora of stars above.
Meditating on what lies beyond the skies.
Panchromatic scenery above in the sky.
All becomes brighter, blinding my eyes.

Verse Two

Colors flashing too quickly for my eyes to comprehend.
Steam shrouds the field as it descends unto me.
Stairs decompressing, I can't believe my eyes
Wake me from this dream, creatures defiled.
Bridge

Flowing out in countless numbers, grasping my arms.
Ensnaring my body, resistance is futile.
I can't seem to ward these creatures, too many of
them.
Dragging me forward, to the sky-sent prison.
I feel a prick on my arm, my veins turn to ice.
Slowly my body becomes paralyzed.
I can't move a muscle in me, all I do is watch.
Smiles on their faces, this is my end.

Chorus

Phials of red and needles of green, with blades, they
have come for me.
I'm now just a toy, experimental puppet.
Save me from this nightmare.
Wake me from this stargaze.
Save me from this nightmare.
Wake me from this stargaze.

Verse Three

In this field I view the plethora of stars above.
Meditating on what lies beyond the skies.
Panchromatic scenery above in the sky.
All becomes brighter, blinding my eyes.

Chorus

Phials of red and needles of green armed with blades
they have come for me.

I'm now just a toy, experimental puppet.

Phials of red and needles of green armed with blades
they have come for me.

I'm now just a toy, experimental puppet.
