Dreams wash into the sewage of the night,  
A rat infestation, injecting conformity,  
Reunion of the right,  
Black skys fill the light of day,  
Thousands of people, minds of disoray  
Black skies..... fill the..... light of day  
Fuck your, idol, hero, on my own x2  
Black skies..... fill the..... light of day

Fuck your, idol, hero, on my own x4  
Your, one minute idol x8  
Your one minute idol, no talent no music, just dumb  
bastard bullshit  
Black skies..... fill the..... light of day  
Fuck your, idol, hero, on my own x2  
On my own, on my own!!!
