FIGHT YOUR GOD

All around me I see shit
I'm down on my knees
Pray to a prosthetic god
Why because they tell me to.

Prosthetic God x4

All around me I see shit

I'm down on my knees
Pray to a prosthetic god
Why because they tell me to.

Why... because they tell me to x2

Fight your neighbour
Fight your god
Fight my witness
Destruction x2

Fight your God x4
