The place: Finland  
The date: December 22nd  
The culprit: a little blue pen  
If I'd known It would end like this, I never would've  
asked for that cursed  
pen  
It all started about a month ago  
I was hanging out at some underground stationary  
store in San Francisco  
It was there that I first saw the pen  
This was no ordinary pen, mind you, it had special  
powers  
I knew I had to have it  
I begged and pleaded for the sake of sanity to own that  
pen  
Finally, Christmas morning came  
I rushed downstairs, ripped through all the wrapping  
and all the packages  
And finally, in one box, I found the pen  
When I reached to grab it,  
It started to glow a bright electric blue  
And there, I found the land of the blue killer whale  
And I was swept away, and I've no way to get back  
home
