We've lost our love somehow
It's proof without a doubt
You give up everything you have to get what you want
I know it don't separate, but my sins are in the way
And I know that you don't let me get away too far
I begged for one more chance about a million times
And I come back and ask you for forgiveness again
It's easy to forget the glory in the way we met but you
Always remind me of the love the we had
Let's give this one more chance before we say
goodbye

CHORUS:

Don't leave just yet, I was mistaken
My hands are tied and my time is wastin'
And I just want you to know, I need you now
Don't leave just yet

Cause we're all just the same, we all take the back door
When we might be to blame
But I'll be the one to change
I don't want to come back to see you get away

CHORUS:

Let's give this one more chance before we say
goodbye
Don't' leave just yet, I was mistaken
My hands are tied and my time is wastin'
And I just want you to know, I need you now
Don't leave just yet
