Tearing myself inside out for love, All this thinking  
made me realize what I'm fighting for, Sacrificing  
everything that I own, Just to breath, just to see you  
again, to see you again, Breath you last breath, Look at  
me, You wont see a face (x2) Reality only comes with a  
knife, Lurking in the shadows of a mind, Can't complain  
about the things you do, To yourself, To your friends,  
To those who care for you, Now, Your life is over, What  
can you do with yourself? But only hope, these days  
are brighter, Torture and failure are only a chapter of  
our souls, Torment, we must pray, we must Learn from  
our mistakes.
