Hey there hot stuff, what ya what ya doing?
Do you wanna fall in love tonight?
Hey there hot stuff what ya what ya doing?
I promise I'll be the lay of your life
She said, Uh oh, uh oh, uh oh, uh oh oh
Do you wanna fall in love tonight?
She said, uh oh, uh oh, uh oh, uh oh oh
I promise I'll be the lay of your life
From the club to the car, the bed to the floor
I'd have her wake the next morning begging me for
more
But little does she know, she'll take me home
And awake the next morning all alone
Because never will I, never can I fall victim
To the wretched hands of monogamy
Never will I, never shall I fall
We'll kiss and touch, pretend to love
In the end it's nothing more than fun
