I was born under treacherous skies
I was silenced and tied to my eyes
I was held down in water
and blood became harder inside

I was torn under murderous lies
but they couldn't put out the flame in my eyes
with a fist full of harm
and bounding blood warm
I stood up and faced with the fight

you can't save me now
I have gone too far
you can't play me now

don't want your revelation
let the heaven fall down

this is my armageddon
this is my armageddon

the sun becomes shallow at noon
my blood will be warmer real soon
the light struggles by
as water collides
with waves of destruction inside

you can't save me now
I have gone too far
you can't play me now

don't want your revelation
let the heaven come down

this is my armageddon
this is my armageddon

And I dont know
what you should do about it
I guess I've changed
but I still be the same

this is my armageddon
this is my armageddon
this is my armageddon
this is my armageddon
this is my armageddon
