What a mess
A physco nest in my brain
Nuthin' like it

Get my kix
Flushin life down the drain
Never fake it

Write it down, mark my words, when I say
I am resurrected by a shotgun
Permantly in chainz

I wake up and take a new shot of fuel
Yet a day has been saved
To live is to die for the golden rule
I'm bound to be enslaved

I wake up and take a new shot of fuel
Yet a day has been saved
To live is to die for the golden rule
I'm bound to be enslaved

Another day
Mad is my middle name
And I love it

In the end
Misery ain't my friend
I deserve it

Write it down, learn from my disarray
I'm a mental patient in a locked cage
Permanently deranged

I wake up and take a new shot of fuel
Yet a day has been saved
To live is to die for the golden rule
I'm bound to be enslaved

I wake up and take a new shot of fuel
Yet a day has been saved

To live is to die for the golden rule
I'm bound to be enslaved

Unchanged the crisis be unchained
Unfamed madness stay untamed (To be unchained)

Unchanged the crisis be unchained
Unfamed madness stay untamed (To stay untamed)

Unchanged the crisis be unchained
Unfamed madness stay untamed

I wake up and take a new shot of fuel
Yet a day has been saved
To live is to die for the golden rule
I'm bound to be enslaved

I wake up and take a new shot of fuel
Yet a day has been saved
To live is to die for the golden rule
I'm bound to, I'm bound to
I want to be enslaved
