Awake at dawn I lay in my bed  
All these memories  
Cut through my head  
The nights dissolving blanket  
Hides the beast of day  
Why does it always end up like this  
Empty bottles broken fists  
Like my hunger rapes me  
Leaves me in a mess

It's like a violent notion  
Can you feel the commotion

Another night in California  
I see her dance but I think about you  
One night in California

At day the beast is raging inside  
It rips me open  
Clouds my sight  
Like a zombie hunting  
I seek out the flesh

It's like a violent ocean  
Can you feel the commotion

Another night in California  
I see her dance but I think about you  
One night in California

You had me all along girl  
You marked me deep inside  
I wasted all we had girl  
Now I rage into the night

It's surreal

You should know  
So unreal  
That you are gone
