Here we come
Drop the bomb
Another shot from the riot gung

Crashing down
With the sound
Demolition of the final round

Die another day, hey
Better alive
Here's a vision that's stronger than thou

Die another day, hey
Living the night
We're not here, to turn back time

I bet you're gonna fall apart
Once you've seen my work of art
Don't let the moment pass you by

Die another day
Get you blown away
Die another day
Get you blown away

Aiming high
From below
Still we got a long way to go

Comes alive
Vicious smile
Raising hell with a reckless child

Die another day, hey
Saluting the slain
Here we stay and to stick with the name
Day another day, hey
Feeding the wild
It ain't over til' the last one dies

I bet you're gonna fall apart

Once you've seen my work of art
Don't let the moment pass you by

Die another day
Get you blown away
Die another day
Get you blown away
Hey, It's a brand new day

Die another day
Get you blown away
Die another day
Get you blown away

Die another day
Get you blown away
Hey, it's a brand new day
Die another day
Die another day
