My weak resistance, of yer flower
Got me infected, 'cause I was to blind to see
Everyone told me, but did I listen
No, I was sick an' tired of the same reply from thee

You lead the game, I followed
You were the bait, I swallowed

It's a miracle you walk the earth, alone
It's a miracle I stand beside you
Yer like a plague in a wide an' open show
You pass it on like I need it the most

I smelled yer rose an' caressed yer petals
Never bothered by the thorns that made me bleed
'Cause I longed to feel you so deep inside me
But now I'm stuck with you forever without remedy

You lead the game, I followed
You were the bait, I swallowed

You knew my pain, you lead the game
And I followed, yeah, I followed
Your lies, your play, yer all the same to me
