Slippin outta bed round half past noon  
I'm havin troubles just holdin the spoon  
Fuckin oats for breakfast, had the same for a year  
these walls are commin closer think I'm outta here  
trippin on my stride forget to lock up the door  
I take a slide down the escalator  
backin out onto your mother's back street  
my head is fuckin tired need to get some relief

rollin downtown and meetin up a crowd  
the wheel is spinnin round we scream out loud  
but my head is staying still as I binge on the can  
I know it's goin down the drain  
we know it's goin down the drain

What's it gotta do with you  
Don't mind about my bad behavior  
what's it gotta do with you  
if I'm crawlin like an alligator  
it's native nature

Heels about my head I've forgotten my shoes  
I'm getting older and it's not on the news  
talkin on the phone gotta hook up em all  
reeking like a motherfuckin animal  
what you gotta do when we get home to you  
gotta throw a party and break out of the blues  
swinging on the high crawlin down low  
the wheel will keep on spinning til we're outta control

rollin downtown and meetin up a crowd  
the wheel is spinnin round we scream out loud  
but my head is staying still as I binge on the can  
I know it's goin down the drain  
we know it's goin down the drain

What's it gotta do with you  
Don't mind about my bad behavior  
what's it gotta do with you  
if I'm crawlin like an alligator  
it's native nature

rollin downtown and meetin up a crowd  
the wheel is spinnin round we scream out loud  
but my head is stayin still as I binge on the can  
I know it's goin down the drain

I'm down on my face  
why do you call it disgrace  
It's just human race  
It's my native nature

What's it gotta do with you  
don't mind about my bad behavior  
What's it gotta do with you  
if I'm crawlin like an alligator  
just native nature

What's it gotta do with you  
don't mind my bad behavior  
fucked up beaten blue  
you know it's just my native nature  
native nature
