It's midnight
Out for blood, let's make a big toast
To world domination
No rest, out to be fed, into the ditch now
With my new found victim

I'm on my way
Never awake in the light of day
I'm on my way
In the dark let's play

I'm alive
When the night falls
On the city lights
I'm so alive
I'm out of control
But it feels so right
So alive

Tick Tock
I watch the clock for my injection
Of abomination
Wake up
Come with me under the street lights
Where we devastate your life

I'm on my way
Never awake in the light of day
I'm on my way
In the dark let's play

I'm alive
When the night falls
On the city lights
I'm so alive
I'm out of control

But it feels so right

If I ask you what your psychological view

Of life is

What is the fuel to get you goin'?

-young breed

I'm alive

When the night falls

On the city lights

I'm so alive

I'm out of control

But it feels so right

So alive
