Cheating death burning down the hill
Add a twist stepping on the steel
Feel the noize leaving my brain
I'm in the eye of a hurricane

Cheating death in a red machine
I leave a fat trace of gasoline
My motorbitch building up the speed
Got no cops chasing after me

Thrill me
Don't kill me
Got a life and it's going downhill
Thrill me
Don't kill me
Need a crash if you wanna catch me

Cheating death spinning of a curve

Had dream that I'll crash n' burn
It could be my better turn (in the)
Final test if I got the nerve

Thrill me
Don't kill me
Got a life and it's going downhill
Thrill me
Don't kill me
Need a crash if you wanna catch me

You can't get a better vibe
Than a rollercoaster ride

Thrill me
Don't kill me
Got a life and it's going downhill
Thrill me
Don't kill me
Need a crash if you wanna catch me
