

Nehemiah

"Preading Wings Of Innocence"

Visit "[Preading Wings Of Innocence](#)" on MotoLyrics.com

A million tears fall from the heavens
Thorns prick my flesh
Purification
Through this suffering with a crown
Contains my soul, locked
In a cedar embrace

Shadows return showing images of bitterness
Unify to embrace words which ring true
Drying tears rest upon a fallen shoulder
Corruption breathes in a new life, everlasting

Your false love turned into my hate

The spreading wings of innocence
Will fly away, forever grasping something that remains
pure
