"And The Singer Sings His Song"

Visit "[And The Singer Sings His Song](#)" on MotoLyrics.com

Young it was
True it was
Days without wond'ring
Fall with a special thing
Laugh, I could laugh
And I did

And the singer sings his song
And the children dance along
And the singer sings his song
And we dance along

Good it was
When it was,
We chased the flowers
Warm summer showers
Once, it was once
Long ago

And the singer sings his song
And the children dance along
And the singer sings his song
And we dance along

Once, it was once
Long ago

And the singer sings his song
And the children dance along
And the singer sings his song
And we dance along
And the singer sings his song
And we dance along
