If I had my way, I'd walk thru that door and wander  
Down the champs elysees  
Going from cafe to cabaret

The way I see it, I just can't win it  
Everybody's in it for their own game  
You can't please them all  
There's always somebody callin' you down  
And I do my best and I do good business  
As a lot of people asking for my time  
They're trying to get ahead  
And try and be a good friend of mine

I was a free man in paris, I was unfettered and alive  
There was nobody to call me up for favours  
Noone's future to decide  
You know I'd go back there tomorrow  
But for the work I'm taking on  
??? star makin' machinery  
Behind the popular song

I deal in dreamers and telephone schemers  
Lately I wonder what I do it for  
If I had my way, I'd walk thru that door and wander  
Down the champs elysees  
Going from cafe to cabaret  
Thinkin' how I feel when I find  
That very good friend of mine
