Stay with me, here with me
I want you near with me
Long as you're near with me
I'm your man
Hooked on the memory of you

Lie with me, lay with me
Want you to stay with me
Know I am
Hooked on the memory of you

Time, time standing still
I know it's you
I always will
Need you to

Love with me, lie with me
Spend your desires with me
I'm your man
Hooked on the memory of you

And i, ? ? ? ?
I only know that how sure I am
Hooked on the memory of you
