"I Feel You"

When the stars go down  
And nobody else is around  
I feel you, I feel you

As I look in your eyes  
Suddenly I realize, how you heal me  
You heal me

My way of giving back  
All that you've given me  
Is share my life with you  
So it will always be

When we're far apart,  
I can reach way down deep in my heart  
And I feel you  
If the night is cold  
And I need someone that I can hold  
I feel you

My way of giving back  
All you've given me  
Is share my life with you  
So it will always be, oh yeah  
I feel you, I feel you  
And if you ever wonder  
Someone right here  
Will understand how you feel

When the lights are low  
And I'm looking for somewhere to go  
I feel you, I feel you  
What I seem to know  
Is the feeling wherever I go  
That you feel me

Hey, I feel you  
I feel you
