Title: I'll Be Back Someday

Goodbye, it's time for me to go
So, baby, don't cry
I want you to know that, baby
I'll be back someday

Cheer up,
The skies above are bound to clear up
I like to stick around, but baby,
I'll be back someday.

Don't be blue, I'll return with love untold
When I do, I want you to have and hold

I know that you'll be close to me
Wherever I go,
So, when I say goodbye, remember
I'll be back someday.
