It's a trip on a Ferris wheel  
It's a game that you play for real  
And so you know that if you're takin' it  
Hey, you better not be fakin' it

It's a riff on an alto sax  
Crying out so you can't relax  
But you can tell it when he's fakin' it  
So don't you ever be fakin' it  
It's hard enough to be makin' it  
If it's a trip and it's going  
To have to end someday too soon

Let's take a trip to the moon  
Come on, let's go for the moon  
It's a ride on an astro plane  
It's a trip down a one-way lane  
So just forget about them secret doubts  
It's something baby you can live without

Yeah, it's a trip, make it last a while  
Life's a cup, fill it up in style  
You got your dreams, you gotta live it out  
The love you have, you gotta give it out  
If that ain't life, then what's it all about  
If it's a trip and it's going  
To have to end someday too soon  
Let's take a trip to the moon, yeah  
C'mon let's go for the moon  
It's a trip

Yeah, it's a trip, make it last a while  
Life's a cup, fill it up in style  
You got your dreams, you gotta live it out  
The love you have, you gotta give it out  
If that ain't life, then what's it all about  
If it's a trip and it's going  
To have to end someday too soon  
Let's take a trip to the moon  
Come on, let's go for the moon  
I want to go to the moon  
Let's take a trip to the moon
