Lady - oh
Lady - oh

I walked the streets again last night.
I saw you in the city light
like a vision
Lady - oh.

Lady - I
Lady - I
I've been waitin' around such a long
long time.
Believin' I could make you mine

just wanting you Lady - oh.

But here I am and there you are

much too far to even hear me.
Hurts a lot
you know it does
it hurts a lot
Babe

Oh
Lady - oh
am I gonna ever learn
what I never learned before ?

City light

city lights

burn so warm and they burn so bright

but me
I walk the city night
to forget you
Lady - oh.

But here I am and there you are

much too far to even hear me.
Hurts a lot
you know it does
it hurts a lot
Babe

Oh
Lady - oh
am I gonna ever learn
what I never learned before ?
