Title: On the way to the sky

We are two and two of us are one
I'm back on my feet again
Out on the street again
Looking for love
On the way to the sky

Some people moving up
Some people standing still
Some hold their hand out
And some people never will

Lover and liars
Consumed by the fires
Of too many dances
But not enough songs
Hear my song

We pity the poor one
The shy and unsure one
Who wanted it perfect
But waited too long

There's no way to count
Or to measure the cost
Of the innocence lost
On the way to the sky
You and I

And we are two and two of us are one
But maybe two of us can be enough
To get it done

Lover and liars
Consumed by the fires
Of too many dances
But not enough songs

We pity the poor one

The shy, the unsure one
Who wanted it perfect
But waited too long
Much too long

I'm back on my feet again
I'm out on the street again
Looking for love
On the way to the sky
You and I
