All In The Name Of Love

He's happy-go-lucky, even devil-may-care
Drivin' a sports car with the wind in his hair
yeah yeah
But it don't mean a thing
oh no

She's pretty as can be in a low-cut dress
She's all 'come and get me' with such finesse
yeah yeah
But it don't mean a thing
oh no

Say it's all in the name of love
Say it's all written in the stars up above
But oh my, it don't seem a lie
to say that it don't mean a thing
To say that it don't mean a thing don't mean to say it's
that
which we don't understand or know exactly where it's at
What's in a name
When it's all in the name of love?

He takes her to dinner, he orders a wine
He says he can show her a really good time
yeah yeah
But it don't mean a thing
oh no

She looks like a film star but she knows damn well
It's just a commercial with something to sell
yeah yeah
And it don't mean a thing
oh no

Say it's all in the name of love
Say it's all written in the stars up above
But oh my, it don't seem a lie
to say that it don't mean a thing
To say that it don't mean a thing don't mean to say it's

that
Which we don't understand or know exactly where it's
at
It's all in the name of love
All in the name in the name of love (love)
All in the name in the name of love (love)
All in the name in the name of love (love)
In the name in the name of love
In the name in the name of love
(love)
In the name in the name of love
(love)
In the name in the name of love
(love)
In the name in the name of love
In the name in the name of love
(love)
In the name in the name of love
(love)
In the name in the name of love
(love)
In the name in the name of love
In the name in the name of love
(love)
In the name in the name of love
(love)
In the name in the name of love
In the name in the name of love
(love)
In the name in the name of love
(love)
In the name in the name of love
(love)
In the name in the name of love
In the name in the name of love
(love)
