Boring

Daddy went off to work about 7:30

He put on his overalls and his working gloves

He said "United drew again" to his cousin Ernie

And read a magazine about crime and secret love

And if it all sounds boring

If it all sounds boring

If it all sounds boring

Then there's something wrong with the song

Mama went down the hill to the supermarket

She brought back groceries in a carrier bag

She hung up her coat and then she put on the kettle

Sat down with a cup of tea and lit a fag

And if it all sounds boring

If it all sounds boring

If it all sounds boring

Then there's something wrong with the song

Or you

Young Billy grazed his knee on a concrete playground

And answered "Yes, miss" when they called his name

Auntie Mary rearranged her mantle pieces

And sucked a peppermint before the rent man came

And if it all sounds boring

If it all sounds boring

If it all sounds boring

Then there's something wrong with the song

Or you

Or me

Or something
