Tomorrow never comes
Or so the saying goes
So take each precious moment and make it last
It's all been said before
It's true, I know it's true
The present is the future of the past

So now I'm livin' in a caveman's dream
No open fire, no nearby stream
No animal skins or flint for me
I got electric light and a lavatory!
Yeah!

I'm livin' in a caveman's hope
With all mod cons to help me cope
Where luxuries are what they seem
I'm living in a caveman's dream!
Yeah
Hip Ho!
Well all right!

Electric toothbrush,
eye-level grill,
three-speed blender,
deep freeze too
Shampoo kit for my automobile
Progress, I love you!

I'm living in a caveman's hope
With all mod cons to help me cope
Plus a life endowment to redeem
I'm living in a caveman's dream
yeah!
