Dear Father Christmas

Hooray for Santy Claus! Dear Father Christmas
with your white, fluffy whiskers
instead of just a letter I am writing you a song this year

Its not for the money
I'm not being funny
It's for something else to do with what we call the
season of good cheer

Dear Father Christmas
Can I ask for this much?
How about some love and understanding in this world?

Peace between each nation
An end to all starvation
If only for the sake of every boy and every girl

Dear Father Christmas
I know it's good for business
But haven't we enough atomic bombs to kill us all?

A thousand time over
The world could be in clover
If only greedy people didn't think so goddamn small

ps: Father Christmas
For my brothers and my sisters
Give them all a happy time, and teach them how to get
along

Though it's just a Christmas single
With lots of bells that jingle
I hope someday the world will never have to hear this
kind of song

lala...la la-la.....

Though it's just a Christmas single
With lots of bells that jingle

I hope someday the world will never have to hear this
kind of song

Dear Father Christmas
With your white, fluffy whiskers
here's lots of love and kisses.
