Easy Listening

Easy listening, I'm in that easy listening mode
Easy listening, why don't we do it in the
middle of the road?
Kick off your shoes, sit back, relaxez-vous
Tell me what more can an old rocker do?
Easy listening, easy listening

Easy listening (never mind the world outside)
Easy listening (famine war and genocide)
Easy listening (forget the looney on the loose)
Easy listening (rising crime and child abuse)
Ignore the poisoned atmosphere
Open up another beer
The media feeds ya every day
what to think and say

Kick off your shoes, sit back, relaxez-vous
(relaxez-vous relaxez-vous relaxez-vous)
Tell me what more can an old rocker do?
(rock-a-do, rock-a-doo ooo ooo)
Easy listening
(Life could be a dream)
Easy listening
