Ego Warriors

Windsurfers do it, do it standing up  
Tiddly winkers do it in a little plastic cup  
Weekenders do it in a caravan  
Ego Warriors do it anywhere they can

Ego Warriors Ego Warriors we are all  
Ego Warriors  
We are all together in the middle of the road  
We have had enough of information overload

Journalists do it, do it every day  
Politicians do it in their own sweet way  
Style gurus do it in your dreams  
Ego Warriors do it with their self-esteem

We don't know but we've been told  
(We don't know but we've been told!)

We are worth our weight in gold  
(We are worth our weight in gold!)

We have no superiors  
(We have no superiors)

We have no inferiors  
(We have no inferiors!)

We are individual  
(We are individual!)

Up to date and digital  
(Up to date and digital!)

Ego Warriors we are all  
Ego Warriors  
We are all together in self defense  
We are not a part of a mass audience

Archbishops do it in the name of God

Gourmets do it with a gastropod  
Ballet dancers do it on the tips of their toes  
Ego Warriors do it with a thumb and a nose

Ego Warriors we are all  
Ego Warriors  
We are all together in the name of fun  
Ego Warriors one for all and all for one

Ego Warriors!  
One for all and all for one

Ego Warriors!  
One for all and all for one

Ego Warriors!  
One for all and all for one
